

**Date:** 07/15/2021

**Subject:** Public Health Emergency Enrollment Application Will No Longer be Available for Use

**Content:** **Key Details:**

In response to COVID-19, effective March 1, 2020, providers not enrolled with Texas Medicaid or the CSHCN Services Program could expedite the enrollment process using the Texas Medicaid Health Emergency Enrollment Application. The Texas Medicaid Health Emergency Enrollment Application is a limited, temporary enrollment process. The flexibility to use this application in place of the standard provider enrollment application will end July 31, 2021.

After July 31, providers will use the standard application and must meet all federal and state screening, licensing, and background providers must complete the standard application and process to enroll in Texas Medicaid.

**Additional Information:**

Effective August 1, 2021, the Texas Medicaid Public Health Emergency Enrollment Application is discontinued and no longer available for download from tmhp.com.
